MINING OFFICE.

ARIZONA SENTINEL.

SATURDAY, JULY 5, 1879.

LOCAL MATTERS.

If you want a good dinner tomorrow go to the Colorado.

Mr. Wood, late Agent of the S. P. R. R. at Maricopa, has resigned.

On the 2d, Mr. Bowen and Mr. A. Ross of Prescott, arrived by rail.

S. A. Ames passed through Yuma yesterday en route for Frisco.

Roast pig and venison for dinner tomorrow at the Colorado Hotel.

The steamer Mohave will leave on the 19th for Fort Mohave and way landings.

Gen. J. H. Hammond, Indian Inspector reached Yuma on Thursday and left the same day for the San Carlos Reservation.

No copies of either the *Alta* or of the *Chronicle* were received here from San Francisco on Friday.

A Croquet Club has been formed at Phoenix. Mrs. Le Barr is President and Mrs. Cotton, Treasurer.

The Steamer Mohave left last Saturday morning for Castle Dome, returning the same night with thirty four tons of ore.

Considerable placer work is being done in the neighborhood of Ehrenberg and nice lots of placer gold are being brought in.

At the request of the Secretary of the Interior A. R. Chaffee of the 6th. Cav. has taken temporary charge of the San Carlos Indian Agency.

There has been considerable discharging of fire arms for two or three weeks in our streets at night which ought to be stopped by vigorous punishment.

A. J. Hudson, who lately kept the Kenyon Station on the Gila road, has bought the Oak Grove ranch, not far from Camp Grant, of Theo. F. White.

Col. J. D. Graham showed his genial face in Yuma again on Wednesday on his way to Tombstone District where he has large and important mining interests.

Mr. H. G. Howe, an employee of the Central Arizona M. Co., at Seymour states that ore carrying as low as \$8.00 per ton can be worked at a profit.

The Tiger mill was shut down a few days ago on account of scarcity of water. Sufficient water it is hoped will soon be obtained.

We call attention to the advertisement of E. Ganz of Phoenix. We have long known his powers of pleasing and recommend travelers to rest at the Bank Exchange.

The last issue of the weekly *Star* of Tucson has a fine and interesting article under the head of "Retrospective." We understand that W. S. Oury has the honor of its authorship.

We had the pleasure of an interview with Chas. M. Blake, Chaplain U. S. A., who, with Mrs. Blake, passed through our town on Saturday last on their passage for two months recreation well merited.

Dr. Corson of Fort Yuma left on Thursday for Fort Bridger, Wyoming, on a pleasure trip. He has two months leave; Dr. S. B. Stone supplies his place temporarily.

A new Mining Company has been incorporated in New York State, called the Cerbat Mining Co.; they own ten mines in Mohave county. We shall give the names of the officers next week.

Professor E. T. Cox, late State Geologist of Indiana, and Professor James, reached Yuma on the first. They will make quite an extended inspection of several Mining Districts of Arizona, beginning with Tombstone.

Mr. J. B. Tuttle died at his ranch near Ehrenberg on the afternoon of the 29th, having been ill about two weeks. He leaves some property but no will has been found, and Yuma County has no Public Administrator.

The many friends of our fellow citizen John W. Dorrington, will condole with him on the loss he has sustained; while at the office purchasing his ticket, intending to visit his mother, he received a telegram telling him of her death.

Another Company has been incorporated in the State of New York, called the Mineral Park Mining Co., of which Mr. Edward Learned, of Pittsfield, Mass., (connected with the mines of the Meyers District) is a prominent Director.

One of our correspondents being disabled by an accident, we have been aided by Mr. J. W. Canady; the first day he had ever attempted type-setting he learned the cases and set up a column of hour-glass type of this issue. We look upon this as a typographical exploit seldom equaled and rarely excelled.

A letter from Ehrenberg informs us that a man called Dutch Bill was shot by some unknown person from an ambush on the ranch of J. B. Tuttle. There seems to be no clue as to the perpetrator of this outrage.

We have received the *Daily Arizona Star* of Tucson and welcome its bright, new appearance; it is another proof of the prosperity of the town that now supports two dailies and four weeklies, two of the latter in Spanish. We wish all manner of prosperity to our new colleague.

The *Phoenix Herald* says Isaac Levy has been appointed postmaster at Seymour. The Associated Press despatch says Isaac O'Leary. Still Mac knows better than the *Ass. Press*, of course. Our Isaac Levy, proprietor of the Colorado Hotel here, is wasting his ducaats in France but will soon return to Yuma.

Mr. J. F. Knapp, who has been with us for a short time, but during which he has made many friends, has been appointed Agent of the S. P. R. R. at Yuma and will take charge to-day. Though sorry to lose Mr. Wright, who goes to fields and pastures new, we welcome this proof of confidence reposed in Mr. Knapp.

Frank Wightman has accepted the agency of Wells, Fargo & Co. at Yuma, which is good news as thus we keep him here and will please all our citizens whom he has won by his constant amiability and never failing attention to their wishes. No one more competent and acceptable could be found. Yuma and the Express Company are in luck.

Mr. J. S. Voeburg, one of the owners of the Tombstone Mill and mines, spent a short time with us the other day and a very pleasant interview it was. Mr. V. has been working hard lately and a rest was needed, which he will take at Paso Robles, Cal. We received valuable information concerning the Tombstone District fully confirming the marvelous accounts published about it.

Our friend C. H. Naylor has been appointed R. R. Agent at Maricopa and left on Thursday for his post, accompanied by Mr. C. F. Smurr, Auditor and Freight Agent at Los Angeles, who will induce him in his new position. Charley has had long experience with the C. S. N. Co. and with the S. P. R. R. Co. since it reached Yuma, and will fill the bill, not a better man in the Territory.

The steamer Gila, Capt. Mellon, which left here on Wednesday, June 26th, reached the Mohave Reservation on the 28th. She carries one hundred and a few tons of mixed freight for the character of the South Western Mining Co. and though the water is low was getting on finely.

Two fine ambulances and a splendid Concord coach, all well mounted on thorough braces, have just been finished at the U. S. Quartermaster Depot at Yuma. Mr. Doten made the woodwork, Mr. Blackburn trimmed them and M. Barriault did the blacksmithing and the result is most creditable to all of them. We understand they are to go to Whipple, so that our Prescott friends will have a chance to examine them.

A subscription list has been started for an excursion to Santa Monica. If sixty tickets at ten dollars each are subscribed for, the railroad company will furnish a car and tickets for Santa Monica and return, good for seven days. Many of those who went last year are desirous of repeating the pleasure and others who regretted not having gone then desire to do so now. The list is at the Post Office.

The mining town of Silver Reef, Utah, which was recently almost totally destroyed by fire has just met with another misfortune in the same shape. Last Monday the quartz mill of Barber & Walker was entirely consumed by fire. As the prosperity of the place was in a large measure dependent on the mill its destruction is little less than a calamity to the town.

Last Monday, Lt. A. G. Tassu passed through Yuma with seven soldiers escorting thirteen prisoners bound for Alcatraz. A part of these prisoners, while in charge of a sergeant at Phoenix, were taken to the theatre, whence one escaped. At Yuma, the sergeant of the escort complained that the R. R. Co. had failed to provide ice for the cooler in their car, and that they had the California desert to cross.

Quite a number of exchanges come to us with new dresses or improved appearance, especially the *Sacramento Bee*, and all due to patronizing home industry and getting their type and outside of Merder, Luce & Co., who surpass the foreign type so freely offered the Press lately. They have no need of attracting attention to their wares by special reductions in price or specious offers to take part payment in advertisements. This house has firmly established itself in the confidence of journalists of the Coast by its prompt and honorable dealings and the complete satisfaction given. We are glad to see that foreign houses are unable to surpass them.

The glorious Fourth was celebrated here, and though with less noise and smoke yet with more real enjoyment than on many previous anniversaries. Fire crackers culminating in a salute at noon from the Fort batteries constituted about all the powder part; we were told that thirty-eight guns were fired but the gun of those batteries rested so long between drinks that lack of patience prevented count.

Shortly after noon a choice party of invited guests met at the Colorado Hotel and partook of a fine dinner. The piece de resistance was roast pig, for which this hotel is getting up quite an enviable reputation; one cause is that of the friend Frank Laumeister supervises the exquisite sauces and dressing but keeps his secrets.

The Court Room had been gracefully draped with the national colors by one of the committee of invitations, Leopold Furrer, to whom is due much of the credit for the very successful ball given there; a bevy of handsome girls and matrons, tastefully dressed, chiefly in light colors and fabrics suited to the season, lent charm and animation to the evening. Nature favored for the thermometer marked 80 when the ball began and descended throughout the night; one feature of the ball was a double Virginia Reel by eighteen couples. About midnight the guests marched to the Colorado Hotel for supper and where we opine more solid enjoyment was experienced than at the Court House; and with reason: Lee had excelled himself as a caterer, and a sumptuous repast was spread for fifty seated couples, with ample reserve for duplication of the feast. Seldom has Yuma had so complete a supper set before her citizens; five kinds of meat, as many of vegetables, chicken and shrimp salads, with a desert of varied pastry, ornamented cakes, fruit, etc., etc., well served and garnished with taste, attested the skill of Lee's chef de cuisine Charley Brickwedel.

After supper dancing was resumed at the hotel until the wee sma' hours.

The Colorado Hotel has shown what can be done and what it can do in the way of ball-suppers.

BY TELEGRAPH.

[Special to the Arizona Sentinel.]

On the 18th ult. one Kearny, who was returning from the Hill and Freeman Folly, with one Dennis May, was shot by Indians. May escaped to Prescott and told his story which has been confirmed by the following official telegrams:

Prescott, June 28.
SENTINEL—
To Von Shrader, 12th Infantry, reporting country on the 25th inst., struck a party of renegade Tontos, 600 miles below Tonto creek, consisting of seven bucks and one squaw; the bucks were killed and the squaw captured; the fight lasted two hours; there were no casualties on Von Shrader's side. These Indians were those who have been committing depredations in Tonto basin and it is thought they are the same who killed Kearney.
MARTIN, A. A. G.

WHIPPLE BARRACKS, June 30.
SENTINEL—
It is established beyond any doubt by the confession of the captured squaw and other evidence that the Indians killed by Lt. Von Shrader on the 25th inst., were those who murdered Kearney. It is also shown by the confession of the squaw that the good (?) Indians were those who attacked and destroyed Silder's tent.
MARTIN, A. A. G.

All the past week we have had grapes in market, grown in our immediate neighborhood at Hanlon's ranch. This is the second year of bearing and the bunches are not as large as next year's crop will be, still we weighed quite a number and they each weighed over a pound. This is over a month, perhaps two, earlier than the crop in the vicinity of Los Angeles or Southern California, and should be taken advantage of. Mr. Freeman has set out several hundred vines and in time Yuma will be famous for her early fruit. Here and at Ehrenberg we had ripe figs two months ago, as also melons.

A thousand dollar monument is to be erected to the famous Hidalgo in the city of Chihuahua, Mexico.

BORN.
THURLOW.—To the wife of George M. Thurlow, on Thursday, 3d inst., a brave, big, bouncing boy.

DIED.
TYNG.—At Providence, R. I., Charles Tyng, aged 78 years and 10 months, June 29th.

DORRINGTON.—At Falls City, Neb., on the 30th ult., Mrs. David Dorrington, aged 78 years.

TUTTLE.—At Ehrenberg, on the 29th ult., J. B. Tuttle.

WOOLSEY.—At Leve Ranch, near Phoenix, on the 29th, King S. Woolsey, aged 47 years. He came to California in 1849, and to Arizona in 1861, was the pioneer of various enterprises for the development of the Territory and one of the largest land owners.

Arizona Lottery!!

Under the direction of
GOVERNOR J. C. FREMONT,
